

Recognition of Dr. Naina Jagyasi as Aviation English Language Expert by DGCA

We are proud to announce that on 30th May 2025, Dr. Naina Jagyasi, Assistant Professor (Humanities) at Bajaj Institute of Technology, Wardha, has been officially recognized and approved as an English Language Expert for Aviation English Language Proficiency (AELP) tests and training by the Directorate General of Civil Aviation (DGCA), Ministry of Civil Aviation, Government of India.

Dr. Jagyasi is a certified Trainer and Rater for Aviation English Language Testing Organizations (AELTOs) and Testing Service Providers (TSPs) across India. This certification authorizes her to assess the Aviation English Language Proficiency of Air Traffic Control Officers (ATCOs) in line with the stringent standards set by the International Civil Aviation Organization (ICAO).

In her role, she conducts proficiency assessments of ATCOs and provides specialized training to Air Traffic Control Officers and fellow Language Experts. Her programs focus on training new recruits and guiding fellow Language Experts on effectively rating officers during AELP tests. Her role is also to instruct the interlocutors and raters on conducting AELP tests and trainings.

This recognition not only underscores the expertise and dedication of our faculty but also strengthens Bajaj Institute of Technology's commitment to contributing to the aviation sector by enhancing communication standards vital for aviation safety and operational efficiency.

We congratulate Dr. Naina Jagyasi on this prestigious achievement and anticipate her continued valuable contributions to both the Institute and the civil aviation sector.
